

Student Guide for AZ-204 Labs

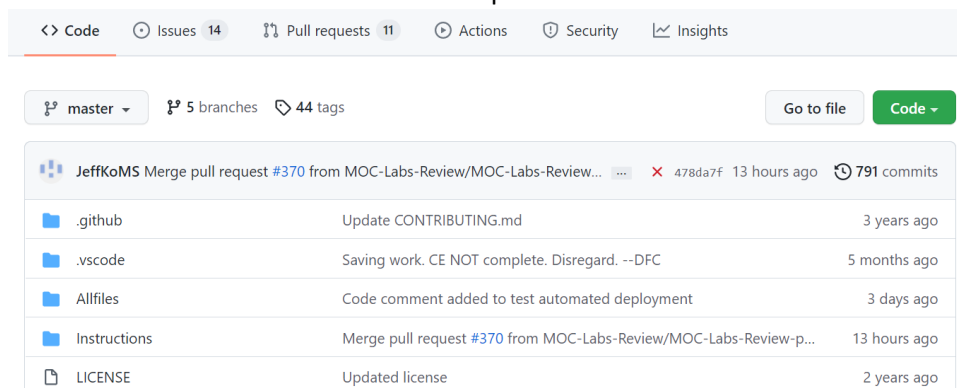

Note: Azure Pass is required to perform the labs

Step1: Install software on your machine or create azure virtual machine as follows:

- OS: Windows 10
- Visual Studio Code
- .NET Core 3.1
- Azure CLI

Step2: Install the Lab files:

- Go to the <https://github.com/MicrosoftLearning/AZ-204-DevelopingSolutionsforMicrosoftAzure>
- Click on “code” button then download zip

- Now extract the folder

Step3: Visit at <https://aka.ms/az204labs> for an easy-to-use list of lab instructions.
